Process	
<b>5. Please use the space below to give any comments on the event process.</b>	
<b>1</b>	Very inspiring!
<b>2</b>	Thanks for the invitation and the opportunity to better get to know the project. Do not replace translators by machine translation. I think the ECML should promote the use of languages and mediation by humans! Good organisation and nice working atmosphere. All the best for this challenging project!
<b>3</b>	I really appreciated the open, reflexive and cooperative atmosphere in the whole team. I do look forward to the project developments, and to ways in which I can contribute to them on the one side, as well as to ways in which I can draw on its tools and concepts for my own work.
<b>4</b>	Excellently organized and planned!!!
<b>5</b>	This was my first experience attending an ECML network meeting, and it exceeded my expectations in every way. The event was impeccably organised, with engaging, highly relevant content that effectively addressed the themes. The atmosphere was both collaborative and stimulating, encouraging meaningful exchanges. The organisers and presenters demonstrated exceptional professionalism and expertise, creating an inclusive environment that supported active engagement. Equally remarkable was the calibre of the participants, whose diverse and highly relevant experiences enriched the discussions and networking opportunities. I left the event not only with valuable insights but also with a strengthened professional network.
