

## Why apply?

The ECML is creating an environment  
in which your project can flourish

5 tempting reasons

**Project logistics, administration and financing covered by ECML**  
so that teams are free to focus on content matters

**Access to expertise and networks in 35 member states and beyond**  
unique context for developing and piloting new approaches

**Advice and support services at all stages of the project**  
consultancy for project management, content development, publication, and promotion

**Technical and design support to turn your ideas into online resource**  
experience and expertise in web-based solutions

**A possible 'after life' to the project**  
the project may just be the start of the journey...
