

Participant's report

to the National Nominating Authority and the National Contact Point

Meeting report

In the three weeks after the event, please complete this report. It contains two sections:

1. **Reporting:** this is intended as a feedback on the event, on what was learnt, on how the event will affect your work and on how it will be disseminated. In addition to the ECML National Nominating Authority and the National Contact Point in your country the ECML will use the report¹ in the "Experts involved in ECML activities" section of each ECML member state website (please see <http://contactpoints.ecml.at>).

This section should be written in one of the project's working languages.

2. **Public information:** this is intended as an information on the ECML project and its expected value for your country. The content should be of interest for a larger audience. Thus it should link up to interesting publications, websites, events etc. which were discussed on the occasion of the workshop or which are relevant in your country. The public information should be a short, promotional text of about 200 words.

This section should be written in (one of) your national language(s).

The completed file should be sent to

- the ECML National Nominating Authority and the National Contact Point in your country (contact details can be found at <http://www.ecml.at/aboutus/members.asp>)
- and in copy to ECML Secretariat (Erika.komon@ecml.at)

within the given deadline.

Date of the event	PluriMobil Workshop, 5 to 7 February, 2014
Brief summary of the content of the workshop	<ul style="list-style-type: none"> - Overall introduction to the project and its results - Definitions of the most important concepts - Good practical examples and tested practices - Fruitful group works and sketching on lesson plans and mobilities
What did you find particularly useful?	I was invited by the Finnish National Board of Education (Ms. Paula Mattila) as a representative of vocational education and training. Thus, for me the most useful result of the Workshop was combining the general and vocational upper secondary education contents, experiences and good practices on student (and staff) mobility connected with preparation procedures (incl. language learning and intercultural communication). I hope I could give other participants good information esp. on VET and practical knowledge on VET students' mobility practices in Finland and in my organisation.
How will you use what you learnt/developed in the event in your professional context?	I will inform our language and culture teachers, international coordinators and VET teachers responsible for student mobility on ECML, PluriMobil and all the useful teaching and mobility materials available and encourage them to use it as well as develop it for their own purposes.
How will you further contribute to the project?	If I will be given a chance to continue as a contact person in Finland, I will contribute by informing the project partners on Finnish ways of cooperation between general and vocational upper secondary education practices concerning language and culture education as well as preparation (before – during – after) of mobilities and other exchange models.
How do you plan to disseminate the project? - to colleagues	

<ul style="list-style-type: none"> - to a professional association - in a professional journal/website - in a newspaper - other 	<p>I will mainly disseminate the project to my colleagues (international coordinators and managers locally, regionally and nationally), our teachers and staff by publishing a report in our international blog (www.jao.intra.fi – only for staff members) and informing them, e.g. in connection with Erasmus+ project application information and in all meetings (formal and informal) concerning the development of our international affairs.</p>

2. Public information

Short text (about 200 words) for the promotion of the ECML event, the project and the envisaged publication with a focus on the benefits for target groups. This text should be provided in your national language(s) to be used for dissemination (on websites, for journals etc.).

PluriMobil Workshop (Graz 5.-7.2.2014) käsitteli hankkeen etenemistä, tähänastisia tuloksia sekä kielen- ja kulttuurienvälisen viestinnän opetukseen tarkoitettua materiaalia. Erityisen huomion kohteena oli yleissivistävän ja ammatillisen koulutuksen yhteistyö opiskelijaliikkuvuuksien valmistelussa, perehdytysjaksojen sisällöissä ja seurannassa. Eniten käytännön hyötyä oli konkreettisista tuntisuunnitelmista, ammattiin opiskelevien näkökulmasta liikkuvuusjakson ohjaukseen, seurantaan ja arviointiin liittyen sekä informaatiosta ECML:n palveluista, saatavilla olevasta materiaalista ja tulossa olevista www-sivuista.
